COMPANY OVERVIEW

DJ Group, Inc. is a service-disabled veteran-owned contractor based in Beverly, Ohio, delivering heavy civil, site, utility and environmental restoration work for federal, state and commercial clients. From VA medical center campuses to backcountry trails, streams and abandoned mine lands, our crews build, repair and restore infrastructure in demanding terrain — and we have built our reputation on a willingness to take on the jobs others won't.

CORE COMPETENCIES

Site & Civil

- General excavation & site preparation
- Road construction, repair & access roads
- Paving & parking lot infrastructure
- ROW clearing, grubbing & maintenance
- Land clearing & development
- Crane pads & temporary structures

Utilities & Structures

- Water supply, storm drain & wastewater systems
- Pump stations, vault units & storm water control
- General electrical — new, maintenance & repair
- Concrete — new, maintenance & repair
- Building construction & interior remodel
- Culvert & box culvert installation

Water Resources

- Wetland & stream restoration, design & creation
- Dam maintenance & construction
- Lake repair, boat ramps & dredging
- Erosion & sediment control

Environmental & Recreation

- Environmental clean-up & remediation
- Abandoned mine land reclamation
- Orphan & abandoned gas well abatement
- Trail systems — hiking, equine & OHV

WHY DJ GROUP

- **Set-aside ready.** Eligible for SDVOSB and HUBZone set-aside and sole-source awards, with Ohio VBE and SBE certifications for state and local work.
- **Proven with federal clients.** Repeat work for the VA, USDA Forest Service and Bureau of Land Management.
- **Built for hard ground.** Remote, steep and environmentally sensitive sites — from mountain stream restoration to well blow-out remediation.
- **Emergency response ready.** Crews and equipment mobilize quickly for urgent repair and remediation.

Past Performance

PUBLIC SECTOR — FEDERAL & STATE

U.S. Department of Veterans Affairs
Federal — VISN 10 Medical Centers

- Building construction — new construction & interior remodel
- Site excavation & steam line repair
- Paving & parking lot infrastructure
